Obesity and Eating Disorders: Seeking Common Ground to Promote Health

*A national meeting of researchers, practitioners, and policymakers
McVey, Adair, de Groot, McLaren, Plotnikoff, Gray-Donald, Collier, 2008*

November 5th and 6th, 2007

www.obesityandeatingdisordersymposium.ca

- WHAT** A symposium to gather a multidisciplinary group of researchers, policy-makers, program administrators and public health professionals from the fields of obesity and eating disorders.
- WHY** To foster dialogue on issues across the body weight and health spectrum, to catalyze new research ideas, and to set the stage for innovative and integrated approaches to help prevent or reduce the negative impact of both of these serious health conditions.
- WHERE** Hyatt Regency,
700 Centre Street SE,
Calgary, Alberta Canada
gail.mcvey@sickkids.ca or ceadair@ucalgary.ca

International Prevention Symposium, Toronto
*Improving the prevention of eating-related disorders:
Collaborative research, advocacy, and policy change.*
McVey, Levine, Piran, Ferguson, 2008

- Prevention experts from Canada, US, Australia
- Sharing of research and practice
- Innovative ideas of how to move the field of prevention science forward to reduce onset
- Prevention from a public health perspective
- Collaborations to change social systems
- Unique methods to foster partnerships across sectors and disciplines

SickKids[®]

www.chsrgevents.ca

Canadian national **prevention** strategy

(McVey, Walker, Ferguson, Russell-Mayhew, 2011)

Planning committee: McVey, Harrison, Beyers, Simkins, Walker, Cowie-Bonne)

- Dissemination/Planning grant – CIHR
- Two-day strategic planning retreat (Toronto)
November 17-18 2011
- Participation from BC, AB, NS, ON, QU, PEI, NFL.
